MEMORANDUM FOR THE HONORABLE GEORGE P. SHULTZ
Secretary of State

SUBJECT: U.S. Participation in the International
Atomic Energy Agency (IAEA) (U)

Your views and those of Ambassador Kirkpatrick, in response to the questions set forth in my memorandum of February 7, have been reviewed. (U)

With respect to the Kasten-McClure Amendment, the President agrees that the United States will be prepared to accept a letter from the IAEA Director General assuming that it is handled in the Board in a manner that satisfies, and contains the substance necessary to satisfy, the law. The Administration will promptly take action aimed at resolving this matter. (C)

The President has also noted that the United States will continue to lobby hard against any attempts to exclude South Africa from the IAEA or its working groups. At the same time, the United States will not define in advance what action it might take, or otherwise prejudge any options open to the United States, in the event South Africa were excluded. (C)

The President has decided that the United States will attend the February meeting of the IAEA Board of Governors at an appropriately senior level if the prospects for satisfying the Kasten-McClure Amendment appear good. (C)

FOR THE PRESIDENT:

William P. Clark
